

February 2017

Greeley, CO - Expedition Water Solutions Colorado LLC (“Expedition”) is excited to announce ground break at our EWS #4 Keenesburg location. Construction has commenced, and Expedition is anticipating an April in-service date for a temporary facility and an early 3Q17 in-service date for the permanent facility. The facility is projected to have a capacity between 20,000 and 30,000 Bw/d.
